

Helping Elected Fire Officials with Regional and National Issues

The National Association of Elected Fire Officials is a non-profit organization made up of dedicated elected fire officials and their state organizations as well as fire departments, fire districts, and other individuals or organizations affiliated with the fire service.

Our Mission

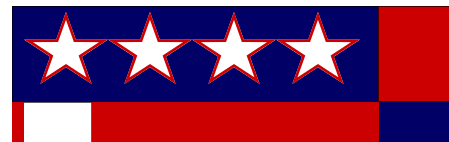

Our primary purpose is to represent and inform elected officials of national fire service issues and provide assistance to state associations.

"The National Association of Elected Fire Officials is a forward thinking national organization that speaks with a unified voice for all elected fire officials for the purpose of influencing policies, regulations and legislation relating to the fire service."

NAEFO CONVENTION

September 19-20, 2006
Golden Nugget Hotel & Casino, Las Vegas

The 3rd annual convention of the National Association of Elected Fire Officials will be held September 19-20, 2006 at The Golden Nugget Hotel & Casino in Las Vegas, Nevada. This is a great opportunity to join individuals dedicated to the fire service in developing the future direction of this young organization. The convention will feature hands on participation in the committee process. Elected fire officials from various states will have the opportunity to interact and exchange ideas and information.

Highlighting this year's educational program will be Sean Carroll, Director of Legislation from the Congressional Fire Services Institute in Washington D.C. Mr. Carroll will provide an extensive review of national issues and offer insight on how NAEFO can contribute to the successful passage of fire service legislation introduced in Congress. A question and answer session will be provided, as well as a review of methods used to monitor legislation. As a convention participant, you will play an important role in determining NAEFO's position on federal legislative issues.
